The Shuttlewood Clarke Foundation

The Shuttlewood Clarke Foundation is a charity that exists to provide activities, education, well-being services, friendship and advice to those that need them most. The Foundation was conceived by the late David A Clarke. The simplicity of what the Foundation offers is what makes it unique and as we expand and develop our work in the years to come this vision will always be at the heart of what we do!

01

Looking forward - through the activities and services we provide, we give many people something to look forward to which can be an incredibly positive influence on their lives. Looking forward is also key to the educational services we deliver, which help to equip and prepare young people for the future.

02

Doing something different - we provide variety throughout everything we do, introducing our visitors to stimulating activities and enabling them to develop new life skills through education and participation.

03

Freedom to belong - we are inclusive and make it easy for people to find a sense of belonging through an open community where they will find a common bond with others. This also opens doors to new activities, helpful services, friendships and opportunities to learn.

04

At home, away from home - we provide a change of environment and different surroundings that are designed to inspire and energise our visitors but in which they feel immediately at home and entirely comfortable.
